

We Recover What Is Rightfully Yours!

FOR IMMEDIATE RELEASE SPRING 2006

**It Is Time For A Change! Partner With A Leader!
THE TRIO COMPANY ANNOUNCES FORMATION OF NEW DIVISION**

As the leader of healthcare recovery services in the Northeast, The Trio Company is pleased to announce the addition of former key senior executives from the nation's largest accounts payable audit recovery firm to create **The Trio Company's Commercial, Retail, & Manufacturing Division**. Our latest expansion currently services clients such as, **Footlocker, Party City, and Tiffany & Co.** to name a few.

Our new team was instrumental in many innovative ideas and new processes that uncovered millions of dollars of lost revenue for their previous clients. Years of expertise and hands-on auditing assisted in running accounts such as **Kmart, Federated Department Stores, Bell South, Estee Lauder, Staples, Pratt Whitney, the U.S. Government, and General Electric Co.**

We would like to share our team's philosophy and creative ideas with you. You can be assured of our results, as our experienced executives are involved in each and every recovery project. Our Recovery Services Program is tailored based upon your individual company's needs and is at **NO COST**, unless there is a recovery made. All fees are on a contingency basis.
NO RECOVERIES, NO FEES!

We welcome the opportunity to meet with you to discuss our services, technology, vendor philosophy, and to build a partnership that will prove to be mutually beneficial. Please feel free to call me at your convenience, at (516) 624-0021 or visit our web site at <http://www.thetriocompany.com/>
